Notable features:

The map of 1851 shows block built up but partially. Building could have occurred between 1851 and 1860, stimulated by the development of Franklin Square about 1850-1851. Number 1002 may be slightly later than 1860--see arched lower windows and elaborate lintels. Number 1004 has cast iron lintels similar to those elsewhere in the area. Numbers 1002 and 1014 have original doors. Number 1016 has arched window openings, paired windows at first floor, which is unusual and could indicate a rebuilt front. Numbers 1004 and 1010-1016 have gable roofs without dormers.

Environmental context:

Numbers 1004 and 1012 are vacant as are lots at 1000, 1006-1008, and 1020. Noisy, one-way street; wide, needs street trees; scale is good except for gaps which isolate 1002-1004; scale continuity is excellent across-street.
